BENEATH IT ALL, MAXXON DELIVERS.™

DEEP FILLS TO THIN POURS.

For leveling, smoothing and repairing, Maxxon Commercial EZ Crete is the versatile, cost-effective underlayment that easily tackles deep fills while also accommodating thinner pours. It ensures a smooth, durable, fire-resistant surface, with a minimum compressive strength of 4,000 psi (27.6 MPa). With minimal prep, Maxxon Commercial EZ Crete installs from ⅜ inch to 3 inch depths and delivers a flat surface that's ready for virtually any floor covering.
