

MAXXON[®] COMMERCIAL

Unglued

ADHESIVE REMOVER

PRODUCT DESCRIPTION

Maxxon Commercial Unglued Adhesive Remover is an advanced chemical technology effective in the removal of pressure sensitive adhesives (PSAs) and other flooring mastics, glues and adhesives (water-based and non-water-based). Maxxon Commercial Unglued is non-toxic and fully biodegradable. Its fast-acting formula eliminates the need for time-consuming mechanical or abrasive removal of old adhesive in flooring renovation projects.

WHERE TO USE

Application

Commercial and Residential Renovation.

Subfloor

Interior concrete, wood.

FEATURES & BENEFITS

- Effective in removing PSAs, flooring mastics, glues and adhesives
- Safer alternative for the removal and containment of asbestos-based mastics
- Fast-acting (2–4 hour typical dwell time, depending on site conditions)
- Non-toxic and non-caustic
- Fully biodegradable
- Low odor: does not require forced ventilation
