Maxxon® Gyp-Crete® 2000 Multifamily is the trusted choice for interior wood subfloors, delivering fire safety, sound attenuation and high compressive strengths.

- Ideal for wood-frame multifamily and light commercial construction
- 2,000–3,200 psi compressive strength and excellent flow properties
- More than 140 UL and ULC fire-resistance rated designs
- Superior sound attenuation when used with Maxxon® Acousti-Mat®
- GREENGUARD Gold Certified

WHERE TO USE

Application
Multifamily, light commercial, commercial wood-frame and pre-cast, poured-in-place and pre-stressed concrete construction, concrete repair/renovation and steel decks.

Subfloor
Interior wood, concrete, steel.

TYPICAL RANGE:
2,000-3,200 PSI
BETTER FLOW FOR BETTER FLOORS.

When it comes to wood-frame construction, Maxxon Gyp-Crete 2000 Multifamily goes beyond compressive strength, fire safety and sound control. The enhanced formulation ensures better flow, creating a strong, smooth surface that easily accommodates a variety of modern floor coverings.

Poured to a minimum of ¾ inch over wood and ready for foot traffic in as little as 90 minutes after application, Gyp-Crete 2000 Multifamily streamlines your construction schedule. As the premier option for wood subfloors, this underlayment provides a robust compressive strength of 2,000 to 3,200 psi and enhanced resistance to surface abrasion. It’s the trusted solution for high-quality, fire-resistant floors.

INSTALLATION & LIMITATIONS

See technical data sheet available at maxxon.com for complete installation instructions and limitations.

PACKAGING

80 lbs (36 kg)

FIRE RATINGS

Underwriters Laboratory International UL ER #8477-01. See technical data sheet for complete UL and fire assembly information.

LEED INFORMATION

For information regarding how Gyp-Crete 2000 Multifamily may earn points toward LEED certification, contact us at 800-356-7887 or visit www.maxxon.com/go_green.

PRO TIP

Installing Gyp-Crete 2000 Multifamily after drywall seals room perimeters, keeping noise right where it should be.
